

## Super fund audit firm wins two business awards

GOSFORD business SMSF Outsource Solutions has claimed two of the top awards at the NSW Business Chamber's annual awards dinner.

The firm of independent self-managed super fund audit experts received the

president's prize and the award for excellence in small business growth, sponsored by Telstra. Central Coast NSW Business Chamber president Ken Baker said the wins showed you did not have to be located in Sydney to be

one of the top businesses in NSW.

"This company is based at Gosford and is providing services to accounting firms throughout NSW and interstate from Cairns to Melbourne and Adelaide," Mr Baker said.
